MC803B Industrial Style Restaurant Bar Stool

## Dimensions

Width

19 in

Height

44in

Depth

19in

Weight

21.6lbs

## Additional Details

Our new chair comes in 4 different frame colors and 2 choices of wood stains and is quite versatile in matching any environment. Other than the solid black, white, and red powder coated frame colors, we also feature a clear coated steel finish. The strength and durability were focused on during the design of this product and it's welded steel frame and solid wood panels are key features that make it popular among restaurant and bar owners. Both back and seat panels have curved depressions to ensure that not only is the chair durable but comfortable as well.

- Matching Chair Available
- Multiple Color Combinations
- Light weight
- Ships Assembled
